**Angels in the Sky: How a Band of Volunteer Airmen Saved the New State of Israel**-Robert Gandt 2017-10-03 “Reads like a World War II thriller, only better because every word is true.... One of the great untold stories of history. Robert Gandt has brought it vividly, unforgettably to life.” —Steven Pressfield, best-selling author of Gates of Fire In 1948, when the newly founded nation of Israel came under siege from a coalition of Arab states, a band of volunteer airmen from the United States, Canada, Britain, France, and South Africa arrived to help. They were a small group, fewer than 150. Many were World War II veterans; most of them knowingly violated their nations’ embargoes on the shipment of arms and aircraft to Israel. The airmen risked everything—their careers, citizenship, and lives—to fight for Israel. The saga of the volunteer airmen in Israel’s war of independence stands as one of the most stirring—and little-known—war stories of the past century.

This book describes patterns of caregiving to frail, elderly people in Denmark, France, the Netherlands, and Germany. For each country, characteristic features of professional and informal elderly care are described, specifically focusing on home nursing. Differences in home nursing in these four countries are described from a broad sociological and cultural perspective. These are related to differences between health-care professions and health-care sectors, structures, and ways of financing of health-care systems, the role of the family in caregiving to elderly people, and norms and values regarding health and illness. **True Crime Writings in Colonial India**-Shampa Roy 2020-08-11 The emergent culture of crime writings in late 19th century colonial Bengal (India) is an interesting testimony to how literature is shaped by various material forces including the market. This book deals with true crime writings of the late 1800s published by 'lowbrow publishing houses' — infamous for publishing 'sensational' and the 'vulgar' literature — which had an avid bhadrakok (genteel) readership. The volume focuses on select translations of true crime writings by Bakaulah and Priyanath Mukhopadhyay who worked as darogas (Detective Inspectors) in the police department in mid-late nineteenth century colonised Bengal. These published accounts of cases investigated by them are among the very first manifestations of the crime genre in India. The writings reflect their understandings of criminality and guilt, as well as negotiations with colonial law and policing. Further, through a selection of cases in which women make an appearance either as victims or offenders, (or sometimes as both,) this book sheds light on the hidden gendered experiences of the

time, often missing in mainstream Bangla literature. Combining a love for suspense with critical readings of a cultural phenomenon, this book will be of much interest to scholars and researchers of comparative literature, translation studies, gender studies, literary theory, cultural studies, modern history, and lovers of crime fiction from all disciplines.
